

FAASTeam presents:

# **Becoming a Safer Pilot - a Look Back At Past Avemco Insurance Claims**

This presentation imparts valuable information and tips gleaned from an analysis of Avemco's aircraft insurance claims. Pilots are the biggest cause of most claims. Knowing the most common cause of loss will give you the tools to change a habit or pattern so you don't become a claim statistic. The speaker will share with you claim statistics related to pilot experience and training.
